Notes on this data summary:

- This Table on page 2 includes all cases that closed out of VR in FY 2008 with an employment outcome (Status 26) in a self-employment setting.
- The Table includes data from all 50 states, the District of Columbia, and a total across all states and D.C.
- The Table includes information for three Groups of VR agencies: 1) Combined/General Agencies, 2) VR Agencies for the Blind, and 3) Combined/General Agencies and Agencies for the Blind together.
- In states where there is no VR Agency for the Blind or no closures into self-employment, a “---“ appears in the cells under the Agency for the Blind section.
- The Percent of Status 26 Closures that were into Self-employment was calculated by using the following formula:

Percent of Status 26 Closures that were into Self-employment = Number of closures in a self-employment setting / Number of status 26 Closures

Table: Self-Employment Closures in FY 2008

	Combined/General VR Agencies		VR Agencies for the Blind		Combined/General & Blind Agencies	
	Number of Self-employment Closures	Percent of Status 26 Closures that were into Self-employment	Number of Self-employment Closures	Percent of Status 26 Closures that were into Self-employment	Number of Self-employment Closures	Percent of Status 26 Closures that were into Self-employment
